HOW TO FIND US.

Repo by Sorbes is located just a 2-hour drive from Tallinn. To get there, take Highway No. 1 Tallinn-Narva-Petersburg, turn right at kilometer 110 on the highway at the Sämi-Püssi junction and then drive for another 30 km until you get to the Püssi junction. After that, turn right to Püssi and drive a few hundred meters further to the railroad crossing. After crossing the railroad, drive a little way and you will soon see the Repo by Sorbes mills.
